Selecting the correct beer category is an important step. The detailed description of the categories can be downloaded from www.rosglavpivo.com.

Neither ROSGLAVPIVO employees nor associations- contest organizers or their partners may assist with the category selection.

- Only commercially active breweries can take part (any annual production capacity, incl. craft breweries).
- Only beer (according to the Federal Law № 218 from 18.07.2011) can be registered.
- A brewery can only register one beer per category.

- A brewery can register as many beers as wishes in different categories.
- A beer can be registered in only one category.
- The alcohol content of the beer must be declared with the registration.
- The categories are described at: www.rosglavpivo.com.
- The beers submitted must be exactly the same as those able to be purchased by end customers in their composition, packing and labelling.

PACKING AND SENDING THE BEERS

5

Each bottle must be identified with an adhesive label containing the following data:

- Entry number of the beer (see confirmation fax)
- Number of the beer category (see category list of "ROSGLAVPIVO 2019" contest)

Each bottle must bear the beer label that is used for its commercial sale. The bottles must be delivered packaged. Each sender is responsible for packing and sending: the organisers of the ROSGLAVPIVO and its partners shall accept liability.

THE FOLLOWING QUANTITIES MUST BE SENT IN FOR THE FIRST TASTING:

Bottle content	Number of bottles
at least 0,5 l	6
less than 0,5 l	10

To avoid breakages, the following measures are recommended:

- > Wrap each bottle individually in blister pack
- > Place each bottle upright in a suitable packing box
- > Fill the free space in a box with a suitable packing material
- > Write on each box "Fragile" and "This side up"

We recommend to send beers in a beer crate covered to the top with a fixed wooden plate.

Each sender is responsible for complying with the legal shipping regulations.
